"STYLE" TCM
Saint Petersburg

We would like to express our sincere gratitude to DanceWind for their dedication, professionalism, and genuine care, as well as for the outstanding organisation of the event. There were so many things to appreciate – a highly competent jury, a well-structured schedule, and fair judging based on an impartial scoring system where places are awarded on merit, not given away freely. We also loved the many creative touches and innovations, the large number of participants, and the wonderful atmosphere throughout. Thank you so much! This is a project made with heart – we wholeheartedly recommend it!

"Prodvizhenie" Studio
Kazan

Thank you for the excellent organisation of the Alegria and Premier choreography competitions! From the very first moment of contact with your team, everything was clear, well-coordinated, welcoming, and stress-free. We are truly grateful and hope to see you again – more than once!

"My" Pop Dance Studio
Saint Petersburg

We would like to thank the DanceWind creative association for the seamless organisation of the International Festival-Competition of Choreographic Art "Alegria" – for the stylish production, the opportunity to engage in discussions with industry professionals, the children's conference, and of course for the invaluable contribution to the development of the younger generation!

"Backstage" Dance School
Syktyvkar

We took part in the Alegria and Premier projects in Moscow in May. Every detail of the trip was taken care of from start to finish! The schedule was followed precisely – a general timetable was sent to all participants, along with a personalised one for our group. Each child received a named diploma and a lovely gift, the teachers were given certificates of appreciation and gifts as well, and the event was also streamed online. Both the children and I were absolutely delighted – we will definitely be back!

"YuDance" Dance Theatre
Izhevsk

We travelled to Kazan to take part in the Alegria competition. Thank you to the organisers for the invitation! Everything was thought through to the last detail – from the welcome reception to lunches provided for the children. All events ran exactly on schedule. The masterclasses were engaging and informative. And the stage – beautiful and absolutely enormous!

Uncle Kolya's Theatre
Saint Petersburg

We participated in the Alegria competition and would like to thank the organisers for creating a true celebration with a highly professional and thoughtfully planned event. The standard of the participants was impressive. Every experience at competitions like this is invaluable for the children – it broadens their horizons and opens up new opportunities. Many thanks to the jury for their dedicated work!
